sion of Water Supply, Sewerage, Drainage and external electrification frmo MCD and DESU respectively. The allotment of these houses is subject to the availability of filtered water supply from MCD and electric power from DESU.

Accommodation to Government employees

1357. DR. MOHD. HASHIM KIDWAI:
SHRI JERLIE E. TARIANG:

Will the Minister of URBAN DEVELOPMENT be pleased to refer to the reply given in the Rajya Sabha to Unstarred Question 366 on 27th April, 1984 and state:

(a) the number of Central Government employees on waiting list for allotment of houses in the general pool in New Delhi;

(b) the number of officers and Class II and III employees who have their own houses and are occupying Government houses;

(c) the percentage of Government employees who are provided Government accommodation; and

(d) by when, Government accommodation is likely to be provided to those who are in the waiting list?

THE MINISTER OF STATE IN THE MINISTRY OF URBAN DEVELOPMENT (SHRI DALBIR SINGH): (a) On the basis of applications call for the current allotment year, 44,906 persons are waiting.

(b) Since allotment of accommodation is made on the basis of emoluments prescribed for different types of accommodation and not according to classification of the employees as Class II and III, such statistics are not maintained.

(c) 44.19 per cent.

(d) In view of the acute shortage of accommodation, and constraint of financial recoveries it will not be possible to provide accommodation to all the persons in the waiting list.

Milk and Butter Production

1358. DR. MOHD. HASHIM KIDWAI: Will the Minister of AGRICULTURE be pleased to state:

(a) the total production of milk, butter and cheese in the country during the last two years;

(b) whether there has been any increase or decrease in the production of these items during the above period;

(c) whether the country has achieved self-sufficiency in these items; and

(d) if not, by when it is likely to become self-sufficient in these items?

THE MINISTER OF STATE IN THE DEPARTMENT OF AGRICULTURE AND COOPERATION IN THE MINISTRY OF AGRICULTURE (SHRI YOGENDRA MAKWANA): (a) and (b) The estimated total milk production (provisional) during the last two years i.e. 1985-86 and 1986-87 was 42.3 million tonnes and 44.0 million tonnes respectively. Production of butter and cheese is largly in the unorganised sector and as such no reliable data on their production is available. There has been increase in milk production.

(c) and (d) According to the projections made in the 7th Five Year Plan, the milk production is expected to reach 51 million tonnes in 1989-90. The per capita availabillity of milk per day thus works out to 171 gms. assuming human population of 816 million in 1989-90 against the requirements of 220 gms. per person per day as recommended by Indian Council of Medical Research.
